## GRAVITY CONVEYOR

Crown conveyors offer gravity roller conveyor models to accommodate many applications. A wide variety of conveyor roller diameters and rollers in materials such as steel, BZP steel, plastic and stainless. Frame and finish options are also available in steel, stainless steel and aluminium.

Gravity Roller Conveyor is the most basic roller conveyor. Ideal for applications that require an economical, non-powered means for conveying, these are the lowest cost conveyors for flat bottomed products. Stand systems are also available for all the roller conveyors offered.

### ✓ **HARD WEARING**

Solid reliable design and build provide essential low maintenance.

### ✓ **HARD WORKING**

Built for high volume daily usage to keep your production line moving.

### ✓ **HARD TO BEAT**

For value and build quality, the Gravity Conveying range is hard to beat.
